

# AWCI Colorado Excellence in Construction Quality Award

2024 Submission Form

## Criteria

- The winning team consists of the AWCI member contractor(s), manufacturers, suppliers, and distributors who worked together on a wall and ceiling project.

## Eligibility

- Only AWCI Colorado members are eligible to enter
- Projects for 2024; The project must be finished between January 1st 2024, and at least 90 percent complete by December 31<sup>st</sup>, 2024
- The project's contractor(s), manufacturers, suppliers and distributors must be AWCI Colorado Members in good standing
- The project may be commercial or residential
- The size and location of the project does not limit eligibility
- A company may submit one project per Award Category (Please submit new form for each Category)

## Voting

- The awards will be voted on by AWCI Colorado Members
- Each member company will receive ONE (1) vote. We will utilize online voting allowing each member to vote for THREE (3) projects per category

## Project Entry Steps

- All application forms and pictures must be received by April 18, 2025
- Absolutely no extensions can be made to the indicated deadlines
- **PLEASE RETURN FORM AND PICTURES IN A WORD DOCUMENT**
- Email applications and pictures to Melanie Trujillo at [director@awci-colorado.org](mailto:director@awci-colorado.org)
- If you have any questions please call Melanie (303)249-4948

2024 Submission Form

16. Total Square Footage (floor area of the project): 52,241 \_\_\_\_\_

17. Photography. Color photos (20 maximum) are required for each nomination. Ideally, photos that show the job from start to finish and those that exemplify quality construction. Please submit jpeg photos with your nomination.

- I am including a total of 14\_\_ photos with my nomination.

18. Project Narrative. Please try and avoid listing your company name in your descriptions.

What is one unique quality about the project?

This project is a complete transformation in energy efficiency and aesthetics in a well-known public structure. We converted it from traditional lap siding to a high end EIFS system.

What is the one thing you are most proud of about the project?

We were able to accomplish this in one summer in a difficult mountain environment.

19. Materials Used: Senergy Channeled Adhesive Design EIFS; Manufacturer: Senergy; Supplier: Beacon

Material	Manufacturer	Supplier   Distributor
Senergy Channeled Adhesive Design EIFS	Senergy	Beacon
